PLEASE SEND ALL ITEMS FOR FIRST DAY OF SCHOOL

We encourage students to use supplies from the previous year if they are in good condition.

****Please see back of this page for information about personal devices.**

Dear Parents/Guardians,

June 2017

This year in grade 3 we will be allowing students to bring their own device to use in the classroom. We will be using technology for a variety of purposes to enhance, create, extend and practice our learning in various activities such as Google Documents, Google Classroom, Google Slides, kidblog, Prodigy, Kiddle, Raz Kids and various other programs to enhance our curriculum. Please note that a device is not required, and if your child does not bring one to school, they will have access to use school owned devices.

Chromebooks are strongly recommended. Minimum device requirements:

- Internet connectivity (WiFi or other)
- 6 hour battery life
- Able to connect to Google Apps for Education
- Keyboard (integrated, Bluetooth)
- Word processing capability
- Ability to integrate images, video and sound

We will be gradually building the skills with the grade 3's to use these devices so they will not be needed right away in September. **We will be communicating with you in October about timing of when to bring the device in (if you choose to buy one for your child).** We wanted you to be aware of our plan with the devices so you have the opportunity to capitalize on before school sales.

School owned devices or devices brought in by students may not be used every day, and they certainly will **not be used all day**. Learning is our priority, the technology is simply a vehicle. Students having their own device will allow us to integrate technology **more often** into our activities and learning.

We strongly encourage you to purchase a very durable case for transport of your device if you do not already have one. Please call our school office if you would like information about where we purchased our cases at the school.

If you have any questions, please feel free to contact one of us or Mrs. Bridgeman. Your feedback and input is very much welcomed and appreciated.

Thank You,
Grade 3 Teachers
